Wiju Evacuated

Japanese Scouts Found the Place
Deserted

Rival Forces in Sight

The Liao River Thoroughly Mined and
Stone-Laden Junks Ready to
Block the Entrance.

Russians Vacate Wiju

Kobe, April 5.—A dispatch from Ping Yang today states that the Japanese scouts who arrived at Wiju today report there was not one Russian in the place.

It is believed the enemy has retreated across the Yalu river.

Twenty Russian prisoners and a quantity of supplies captured at Chong Ju on March 29th, have arrived at Ping Yang.

Don't Like the Russians

Yankow, April 4. 3:30 p.m.—The press boat of the Chicago Daily News reached New Chwang on Saturday with two Japanese on board. The Russian authorities examined the Japanese, of whom maps were found and who were evidently spies. The conduct of the press correspondents in bringing these Japanese with them is strongly condemned by all the foreign residents.

An Englishman employed on the Chinese railway, was arrested on Friday for an unprovoked assault on a Russian soldier who in obedience to orders, was searching his papers. Some Englishmen and Americans seem to do everything they can to make things unpleasant for the Russians and the consuls seem to encourage this attitude.

Liao River Mined

London, April 5.—The Times' Chefoo correspondent says that the Liao river is extensively mined and that twelve stone laden junks are ready for sinking at the entrance to the river at a moment's notice. The guns of the Russian gunboat Sinouche have been repiped.

Japs Sweeping Northward on Wiju

Chefoo, April 4.—There may be some of Mishtchenko's Cossacks northeast of Yongampo in the small mountain ranges near Wiju, but if so these are the only soldiers of the Czar left to contest the movement of the Japanese army, which has swept north and northeast from Chong Ju since last Thursday.

The Pinto, which left the harbor of Yongampo on Friday, says that everything is peaceful near the Yalu and that no sign of Russian cavalry has been observed for three days.

The Japanese cruisers Takao and Yūyama are in the bay with the torpedo boats Hasitaka and Awataka.

Chefoo, April 4.—On the heights of Yongampo the flag of Japan is flying above the camp of the 38th infantry regiment of Osaka.

Across the river, seen in full view with a field glass, the flag of Russia floats above several camps in the neighborhood of Antung.

Paris, April 4.—According to a report received here today, the Russians have decided not to leave Wiju without a hard struggle. It is thought that the struggle is near at hand, as the Japanese are now not many miles from Wiju.

ANOTHER WAR ON A SMALLER SCALE

The British Column Encounters the Tibetans and Routes Them in a Battle.

Tuna, British India, April 1.—De-

tails of the clash of Col. Younghous-

band's command with the Tibetans at

Guru are at hand.

Whilst the forces were face to face on the opposite sides of a wall which the Tibetans had built across the highway to oppose the advance, the Indian troops deployed their flanks and enclosed 1,000 Tibetans in a circle like herding sheep. The members of the mission, the press correspondents and the general staff rode up to inspect the capture and were laughing and talking. They were unaware of the impending tragedy, being evidently heedless of the sullen demeanor of the Tibetans. The latter presently began to hustle some Sikhs, who repiled with the butt ends of their rifles. Then the Tibetans fired a pistol, wounding a Sikh, and this was the signal for all the Tibetans to draw their swords and rush at their captors, who opened fire on the surging mob. The officers emptied their revolvers.

The Tibetans were unable to climb the wall which they themselves had built. Finally about half of them were able to break away to the rear, where they came under the fire of the artillery. Of the entire Tibetan force only about half escaped death or wounds.

Rifles bearing the Russian Imperial stamp and Russian ammunition were found on wounded Tibetan officers.

MOOSEJAW FATALITY

CRUSHED BETWEEN CARS

Young Barr Colonist Employed on C. P. R. Meets With a Tragic Death.

(Bulletin Special Dispatch).

Moosejaw, April 5.—A fatal accident took place here yesterday afternoon, when Sidney Joseph Bastien, aged 23 years, and employed with the C. P. R., was crushed between some cars, receiving injuries from which he died in an hour.

The body was badly mangled. It is reported that Bastien had crossed the track for some water and on returning to work attempted to pass between the cars, probably not noticing an engine on one end of the string, which came together, crushing him between them. The young man came out with the Barr colonists and his parents live in Green Park, London.

The remains will be buried in the cemetery at Moosejaw.

CHILD DROWNED

FELL IN A WELL

A Sad Accident, and Which Bereaved a Vegreville Settler of His Only Child.

M. McKinley, who reached Edmonton yesterday from the Vermilion, brings news of the drowning of the two-year-old daughter of Mr. and Mrs. John Lucy, who live about nine miles southeast of Vegreville.

The little one fell into a well and as the ice had formed thickly about the top, the mother and a nephew present were unable to rescue it. Mr. Lucy being absent at the time. A niece, Miss Florence Jackson, hastened to a neighbor's for assistance, but before it came the child had succumbed.

The bereaved parents have the sympathy of the entire community in their deep affliction.

VEGREVILLE

(Bulletin Correspondence).

Mr. Bowtell, brother of Mr. Harry Bowtell, is quarantined at the home of Mrs. McGinnis because of measles.

Mr. W. H. Hawthorne, proprietor of the Grand Central hotel here, has sold out his house and business to Mr. St. Clair for a good figure. Mr. Hawthorne is going on Mr. Oscar Johnson's farm, two miles northeast of Vegreville, for the coming year.

Mr. Geo. Robertson, formerly one of our general merchants here, has erected a very nice and commodious hardware store. In appearance with its showroom filled up with machinery, etc., it seems somewhat like similar buildings that we have seen in town."

Messrs. Spence and Fleming, of the Vermillion Trading Co., in Vegreville, are putting up a fine large store in addition to the one they now have. We understand that Mr. E. L. Poulin is also going to erect another large store in front of the one he now has.

These additional stores, etc., mean a great deal to Vegreville and the people of the Vermillion valley country.

Farmers are now nearly all busy hurrying to get their lumber from the saw mills in the north. The snow got a notice last week to take two steps out of business.

We have not yet seen the spring birds, but hope to in a few days, as the air is quite warm and balmy.

Mr. Jos. Hare and family passed through Vegreville this week to their new home, fifteen miles southeast of here, Vegreville.

ASTLEYVILLE

(Bulletin Correspondence).

Mr. McCue was elected councillor for road work in this district.

Mr. J. S. Wray is spending his Easter holidays in Edmonton.

Mr. A. Hewitt expects to have his engine out of the bush before the lake breaks up.

The snow is disappearing very quickly and there is every indication of an early spring.

Mr. Bert Walmsley arrived here last Tuesday from Lancashire, England, and is the guest of H. Astley, an old friend. Mr. Walmsley will spend a year in the country, and if he likes it will locate here.

Messrs. Knight, Kemp, Hodgins and Bell are hauling their lumber from the bush and storing it on H. Astley's premises at present, whence they will be able to haul it on wagons quite easily, should the sleighing be over before they are through.

Mr. Hewitt has stopped sawing until he moves his machinery.

—No trouble are today investigating some trouble with the water pipes on Fifth street east.

—A slight flurry of snow fell last night, but disappeared rapidly before the hot sun this morning.

—There is a probability of settlers' effects reported now enroute between Port and Edmonton.

—There is a probability of a factory for the manufacture of hats and caps will be built in Edmonton.

J. Little is installing a fifty horse power engine in his brick yard, to replace the traction engine used last year.

J. A. MacKenzie and J. N. Macdonald have moved from the Calgary city council as a result of the investigation of Chief Justice Sifton.

—Moosa Adams and Burkholtzer are erecting a cold storage building and butcher shop on Nasmyth Avenue opposite Cushing Bros. factory.

E. Simmons, of Fort Saskatchewan, won \$400 for his farm, six miles east of the Fort, last week for \$28 per acre.

—The current issue of the Farmer's Advocate has a splendid cut of the Edmonton Queen's avenue school on the front cover.

—One night last week 102 teams of cattle and over 1,000 steers in Fort Saskatchewan. The teams belonged to settlers en route to the Vermilion.

—The Commissioner of Agriculture has issued a bulletin setting forth the studies of the cattle and horses to indicate their contagious diseases.

—The monthly report of the Department of Trade and Commerce for the month of January has been issued.

J. F. Porter, of the Robt Engine Co., is in town and the council will endeavor to get his opinion regarding the vertical pumps at the power house, concerning which some trouble has been experienced.

B. St. George, a member of a Montreal engineering firm, arrived in town last night. Another member of the firm will be here within ten days to make a preliminary survey for the street railway to be made.

—The annual meeting of the curling club will be held Wednesday evening at 8 p.m. at the curling rink. Members who have not yet paid their fees are asked to do so before date.

—The Postal Current is the name of a monthly paper published at Stonewall, Manitoba. The paper is published in the interests of the Manitoba and Northwest Accounting Postmen's Association.

—It is estimated that the shortage in butter in Europe will continue owing to the war in the East disturbing the agricultural pursuits of Siberia, will reach 20,000 tons for the present summer.

—Qu'Appelle Progress: — Residents of Qu'Appelle and vicinity are accustomed to living in the midst of woods, that in all probability they fail to appreciate to the full their favored condition.

—Free Press: Dispatches from Montreal show that 1,914 immigrants left to-day for the west. Of these 750 are British, 36 Scandinavians, 52 Germans, 57 Belgians, 100 Hollanders, 11 Galicians and 10 Italians.

—A settler came in last night from Brandon to take a place of the Bulletin staff. Mr. Deeter returned recently from Ottawa where he went as a special man on the Brandon hockey team in quest of the Stanley cup.

—The department of the Interior can be well pleased with the attractive book of well printed colored cartoons. The pictures are well conceived and executed, and must be given to have their proper appreciation.

—Prairie Herald.—Mr. J. A. M. Craig from his old eastern home on Wednesday night, and again home to Olds yesterday. On his return he was fortunate enough to be in only three railway accidents.

—Port Saskatchewan Reporter: G. H. Stanton of the Edmonton Telephone company, came down on yesterday's stage and is busy installing telephones in H. E. Daniels' residence, Mr. Brown and Graham and White's stables.

—A number of letters which have been called for, addressed to advertisers in the Bulletin, have been received. Among these are a number of letters addressed to B. J. E. G. Box 48, Box 46, General Merchant, S. Seymour, Box 16, Box 35, Box 28, and Box 29.

—Free Press: J. C. Brown, of Edmonton, arrived in the city Wednesday evening from the west. He expects to meet his two daughters who will be coming through the old country to him on his farm, 45 miles north of Edmonton. Mr. Brown's farm is on the trail to Lethbridge.

—A black deer and a red cow are reported running on the flats west of the old H. B. Co. fort, and are said to be in very poor condition owing to the deep snow.

The Bulletin's information indicates the property could be utilized as municipal offices, police cells, etc., until the town is prepared to erect a suitable city hall.

—Calgary Herald: There is another case of small pox in the city. Last night a traveller from Toronto, who has been on the North Branch, for a couple of weeks, arrived in the city.

He registered at the Alberta hotel but without going to his room, he went to a bar in the lobby of a city dormitory, where he was satisfied with a small posh. While the man was kept outside the physician's house until the arrival of Dr. Macdonald, the medicament he received, he disappeared. He was very soon located and taken to the post house.

The Toledo Bulletin announced that 50 people left the state in one week for Western Canada, and continues: "Four different families are represented by the following persons: Mr. and Mrs. John C. Campbell, McGowen, Miss Etta Smiley, C. G. McGowen and Miss Julia Mahaffey, who were ticketed to Edmonton, Alberta."

—Following the practice of former years, the Territorial Department of Agriculture has decided to undertake in co-operation with the live stock associations of Ontario and Manitoba, the distribution of pure milk, cows and heifers during the coming spring, provided that a sufficient number of applications are received from each province at a period soon after the opening of the W.A.T.

—Raymond, Alta., March 30.—The stream of American immigration to the West from Green Falls brings in a number of settlers and prospectors from Montana, Utah, Colorado and other western states. Many of them have already visited the country and come north to settle down. Others have been attracted by friends or relatives who have been residing there for some time and intend to look over the country and to buy the best land. They all agree, however, that Canada is now the most promising field for the land seeker, and that they do not at first find what they want, they are persevering in their search.

—Winnipeg Telegram.—Our only drawback at present is the lack of an outlet for our grain," said J. G. Brown, a north of Edmonton farmer who was registered today at the Levee.

He added: "We understand that the G. N. R. will be overcome by inconvenience for us, and when they do land values in Northeastern Alberta are likely to go up with a rush."

Price values: It is almost impossible for me to give an estimate. The G. P. R. has some good land which may be at \$5 an acre, and there are lots of inferior land in our vicinity which is valued at \$3 an acre.

—Calgary Herald.—While in Toronto and Ottawa City Engineer Thorold saw electricity being used to thaw out water mains and pipes and thinks that it is a sensible one. So good did the engineer think the idea that he sent an estimate of the cost to the city that the apparatus might be purchased at once. In Toronto an eight inch pipe, which weighed 500 pounds, was thawed out in 30 minutes. The cost of one of these appliances for thawing the pipes would be about \$500, but would be a great value in Calgary. By it a pipe can be thawed out in three or four minutes. According to the cost of electricity here, thawing out a service would cost about a dollar.

The Bulletin is in receipt of letters daily from former residents of the Western States, requesting that the address of their paper be changed to their new place of residence in the hope of getting a copy. Some of these letters of this kind, by letter and by personal call were made during March and furnish a striking illustration of the value of the Bulletin as an advertising medium for the town and district.
